### Course information

The course includes our General English (morning) course, which will help you become a more confident user of the English language with a special focus on functional skills and culture. Of course, you will always work on all four basic language skills: speaking, listening, reading and writing. We use a coursebook called Speakout, as well as an online learning platform called MyEnglishLab.

You can also join our Ladies' speaking club and the mixed gender extra classes.

### Levels

Levels offered are subject to a minimum number of students per level – please call us for details.

Higher level students are welcome to join our mixed gender General English classes.

### Crèche

The crèche service is offered by our partner, the Leeds Nursery, and is operated on our premises. Places are limited to one child per student – please call us to ask about current availabilities. More children may be accommodated for an extra charge of £80 per child per week.
